

**2003 Repetitive Loss  
Property Review  
Lyme, Connecticut**

Connecticut River Estuary RPA  
Natural Hazards Mitigation Plan

Kenneth W.Kells, P.E.

December 2003

# Task Assignments

- Information gathering and interviews
- Field inspections
- Development of recommendations
- General review of plan(s)

# Presentation

The order in which the information is presented herein is by Connecticut River Estuary town in the same sequence as was on the repetitive property loss basic data disc provided by the CRERPA staff.

The mitigation references for each property are those described in the “Before the Hurricane” section for homes on the FEMA CD-ROM, *New England Hurricane, Are you Ready?*

# Mitigation References
